Worksheet

Class - II Subject - Computer

Date: 7.11.23

Name _____ Roll No. _____

Name the parts of the MS Word Window.

A diagram of the Microsoft Word application window. The window is shown with a blue title bar at the top, a ribbon menu below it, and a large white text area in the center. The text area is divided into a main body and a footer area. The diagram includes several empty rounded rectangular boxes for labeling, connected to the corresponding parts of the window by dashed lines. The boxes are positioned as follows:

- One box on the left side, pointing to the ribbon area.
- One box in the center, pointing to the main text area.
- One box on the right side, pointing to the ribbon area.
- One box on the left side, pointing to the left margin.
- One box in the center, pointing to the main text area.
- One box on the right side, pointing to the right margin.
- One box at the bottom left, pointing to the footer area.
- One box in the center, pointing to the main text area.
- One box at the bottom right, pointing to the footer area.
- One box at the bottom left, pointing to the status bar.
- One box at the bottom right, pointing to the status bar.
